Report 2019 by the Inspector

This report is an assessment of *HHUS*'s administration based on the association's statutes. The *HHUS* board has met regularly during the year 2019. The board meetings are well prepared, and documents are distributed well in advance. Board meetings were held in a good spirit and successfully run by the chair. The work of the board meeting is well documented, and minutes are published on the association's website. A general comment is that the work of *HHUS* is easy to monitor for the members; statutes, policies, operational plans, etc. are made available on the web site.

According to the statutes, *HHUS* has as its main purpose to promote the interests of its members, and to work to improve and develop business related studies at the *Umeå School of Business, Economics and Statistics*. The activities are mainly conducted in three areas: Educational surveillance, Business contacts and Social promotion activities. It is worth mentioning that the strategic plan for developing *HHUS* activities is ambitious and written in a positive spirit. As a student association, social activities constitute the core of *HHUS*. The social activities continue to contribute to a positive and memorable study time for the students at the *Umeå School of Business, Economics and Statistics*.

The finances of *HHUS* are carefully overseen by the Finance Committee, which enables continued development of the various activities within the association. The advice from the inspector is to grant discharge to the *HHUS* board.
